**Ecopetrol SA (EC)** is up 1.40% today.

29

EC has an Overall Score of 29. Find out what this means to you and get the rest of the rankings on EC!

See Full EC Report

EC stock closed at \$9.99 and is up \$0.14 during pre-market trading. Pre-market tends to be more volatile due to significantly lower volume as most investors only trade between standard trading hours. EC has a poor overall score of 29 meaning the stock holds a better value than just 29% of stocks at its current price. InvestorsObserver's overall ranking system is a comprehensive evaluation and considers both technical and fundamental factors when evaluating a stock. The overall score is a great starting point for investors that are beginning to evaluate a stock. EC gets a average
