Ecopetrol Announces 2023 Financial Results

TipRanks Newsdesk
Mar 28, 2024, 06:00 AM

Ecopetrol (EC) has released an update.

Ecopetrol S.A., Colombia's leading integrated energy company, has released its consolidated and separate financial statements for the year ending December 31, 2023. These documents detail the company's involvement in hydrocarbon production, energy transmission, and various other segments across the American continent and can be accessed through the Superintendency of Finance of Colombia's website. The financial information release underscores Ecopetrol's expansive reach, including recent ventures in the United States, Brazil, and Mexico, as well as strategic interests in power transmission and road concessions in Latin America.
