Overcoming Xcel Energy's 'hostile'

The Colombian government has created Gecelca Solar, a solar PV-focused arm of its public utility company Gecelca.

Unveiled by the Colombian Ministry of Mining and Energy, the new company aims to decarbonise Gecelca's fossil fuel portfolio and transition towards clean energy.

### Scatec signs deals for 1.1GW Egypt solar project, powers up South Africa PV site

December 8, 2025

Norwegian renewable energy firm Scatec has signed equity deals for a massive solar-plus-storage project in Egypt and begun operations at a site in South Africa.

### Preventing PV connector problems before they start

December 8, 2025

Proper training and adherence to best field practices are necessary to halt the steady trend of PV connector failures resulting from poor workmanship, write Brian Mills and Grayson Maurer.

### Alight commissions 215MW agrivoltaics project in Denmark

December 8, 2025

Swedish independent power producer (IPP) Alight Energy has commissioned a 215MW agrivoltaics project in Denmark.

### Zelestra to sell 3.5GW Latin America renewables platform to focus on Europe and US

December 8, 2025

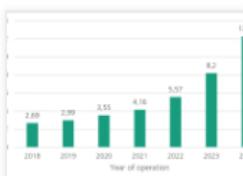

Spanish IPP Zelestra has signed an agreement to sell its 3.5GW Latin America renewables platform to Colombian natural gas firm Promigas.

### US Solar industry demands end to DOI's 'unequal' PV permitting pause

December 5, 2025

Over 140 US solar companies have urged Congress to reconsider changes to permitting which they say have resulted in "a nearly complete moratorium" on solar project permits.

### PV self-consumption on 'significant' rise in Germany – Fraunhofer

December 4, 2025

High power prices and increased energy storage usage have led to a sharp increase in self-consumption of solar power in Germany since 2022, according to data from the Fraunhofer Institute for Solar Energy Systems (ISE).
